

What does the curriculum look like in the Bemrose Nursery?

Whilst at the Bemrose School Nursery, children have opportunities to explore a wide range of activities both **indoors** and in our **outdoor**

learning area. These activities are carefully designed to support the learning in the **7 areas** of the curriculum, which further details can be found on the main nursery website.

Children may work independently, alongside their friends or with an adult within the class or with a small group of children on an adult led task. The children are also gathered together to share a story, sing songs and to share special news.

During the morning session the children will also have the opportunity to have a snack and milk during a snacky maths activity.
