Equipment Needed Vocabulary sheet, internet access if possible for Quizlet, Duolingo and Memrise.		Wider Reading There are apps such as Duolingo and Memrise that can be used to support beyond what is set in class. We have Showbie and Quizlet and will use these to set tasks and support revision.		Family activities You can use the vocabulary page available via SMHW to test your child on the key words for each topic. Any encouragement with accessing quizzes set on Quizlet and motivation for your child to improve their percentage score will be of great benefit.
